### Good To Great - Profitune

Good is the Enemy of Great. The book is about being great, not merely good. Good is the enemy of great. Many people and companies settle for good because it's easier. Many companies don't even try to be great. There're not striving to be the best in the industry. This opens the door to competitors.

### Book Summary: Good to Great by Jim Collins.

Good-to-Great Diagnostic Tool. Good companies are the enemy of Great companies. Understanding where your company is on the path to building a great company is the key to building the business you've always dreamt was possible. The first step to building a great company is to get clear on where you are now and what steps need to be taken.
