Ideas: A History of Thought and Invention, from Fire to ...

Intellectual history, also known as the history of ideas, refers to the study of the history of human thought and thinkers. This history cannot be considered without the knowledge of the humans who created, discussed, wrote about, and in other ways were concerned with ideas. Intellectual history as practiced by historians is parallel to the history of philosophy as done by philosophers. Its central premise is that ideas do not develop in isolation from the people who developed and use them, and
