Ingersoll Rand Serial Number Guide

For compressors built from early-2011 through current date, the serial number will consist of the letters "CBV" followed by six numeric digits. In the image below, the serial number of this compressor is CBV381348. For units built between 2000 and 2011, the serial number will be on a similar decal, but the format will be ten numeric digits (i.e. - 0206230125).

Where Do I Find the Serial Number on My Ingersoll Rand ...

The Ingersoll Rand series of QE-DC electric tools uses a 'smart' numbering system to describe the tool and its features. The first 3 digits in the numbering system describe the tool series by motor size. There are 3 basic sizes: QE4; QE6; QE8 . The next digit describes the body style. There are 6 different styles: Angle; In-line; Offset; Pistol; Push-tostart; Motor

Tool Model Numbering System

In the image below, the serial number of this compressor is CBV381348. Providing the correct serial number when contacting Ingersoll Rand for support will help us look up your compressor and serve you quickly. NOTE - The serial number located on the tag affixed to the black, cast iron compressor pump is for the pump only.
