Beyond Postprocess. Book Description: Beyond Postprocess offers a vigorous, provocative discussion of postprocess theory in its contemporary profile. Fueled by something like a fundamental refusal to see writing as self-evident, reducible, and easily explicable, the contributors rethink postprocess, suggesting that there is no easily defined moment or method that could be called postprocess.

Some post-process theorists seem to have followed Trimbur's lead in positioning the social outside of the process "paradigm," as evident in a number of essays in Post-Process Theory: Beyond the Writing Process Paradigm (Kent, 1999b). Yet, the post-process movement does not represent a unified theoretical front.

But now the process theorists are also being treated as backward, hopelessly retro from the perspective of "post-process" theorists. The small revolutionary post-process group look down their noses at old-fashioned "process" folk, and want to drag them into the 21 st century, a brave new postmodern post-process (pmp) era of composition.

The process theory of composition (hereafter referred to as "process") is a field of composition studies that focuses on writing as a process rather than a product. Based on Janet Emig's breakdown of the writing process, the process is centered on the idea that students determine the content of the course by exploring the craft of writing using their own interests, language, techniques, voice ...

Social: Faigley breaks social process theory into four traditions. The first tradition, he says, is rooted in post-structuralism, a theory that links the meaning of words to a discourse community. Summarizing the stance of a post-structuralism theorist, Faigley says, "Words carry with them the places where they have been" (535).
