In fact, it's Rule #7 of the book's irrefutable rules. The author talks about the need to listen to "weak signals" around you of what is happening: new ideas, new styles, new products. He even suggests that every business owner needs to read 50 magazines a month (or web sites, newspapers, research reports, or other sources of information).

Search Tips. Phrase Searching You can use double quotes to search for a series of words in a particular order. For example, "World war II" (with quotes) will give more precise results than World war II (without quotes). Wildcard Searching If you want to search for multiple variations of a word, you can substitute a special symbol (called a "wildcard") for one or more letters.

The Irrefutable Rules of Manliness . I've noticed a bit of a disturbing trend as of late, being permeated through media, social cues, and admittedly in my own behaviour at times. Men, we're losing our identity. Our hunter-gatherer instincts are being repressed by a hunt-and-peck texting imperative as we try to find craft beers and the store ...
