The Producer as Composer (Shaping the Sounds of Popular Music)

The role of the record producer, writes Virgil Moorefield in The Producer as Composer, was evolving from that of organizer to auteur; band members became actors in what Frank Zappa called a "movie for your ears." In rock and pop, in the absence of a notated score, the recorded version of a song—created by the producer in collaboration with the ...

The Producer as Composer : Shaping the Sounds of Popular ...

A record producer or music producer, unlike an audio engineer, who simply operates the technology employed in a music recording's creation and refinement, is the recording project's creative and technical leader, commanding studio time and coaching artists, and in popular genres typically creates the song's very sound and structure. The record producer, or simply the producer, is likened to a ...
