The Wonder of Animals | Shows | BBC Earth | BBC Earth

Brownies: Wonders of Water. Water is everywhere and animals at the Zoo depend on it. Scouts will explore all the ways that animals need water, as well as how people need water, and why it is important to conserve it. Brownies will also go on a virtual journey with Freddie the fish, discuss things they can do to help keep water clean, and create their own plan to save water.

The body of water was named the Dead Sea because it's eight times saltier than the ocean, making impossible for algae and fish to survive in its waters. Take a dip in the lake and you'll soon find out that you can float effortlessly, as the water is super buoyant. In addition, its rich black mud can be used for therapeutic purposes, making it a peaceful sanctuary to hit the pause button on life.
