Drawing From Life

A "life drawing" is a drawing of the human figure from observation of a live model. A figure drawing may be a composed work of art or a figure study done in preparation for a more finished work such as a painting. Figure drawing is arguably the most difficult subject an artist commonly encounters, and entire courses are dedicated to the subject.

Practice Tools for Artists - Line of Action

Draw using a model. The easiest way to begin drawing from life is to use a model. Draw what is directly in front of you. This can be a person, an object, or a landscape. Drawing directly from something you can observe will result in the greatest improvement in your skills. Try to work as quickly as you can.

Try looking at a real life model. The lighting will change the shadow drastically, so make sure you have set, indoor lighting that won't change in the time that you draw. Look at the model carefully. Use a smudge pen (which looks like a tightly rolled piece of paper) or your finger to lightly smudge the shading to make it more realistic.
