Amazon.com: Freedomnomics: Why the Free Market Works and ...

Freedomnomics is positioned as a rebuttal to Freakonomics and an advocacy of free markets, however it turns out to be more than it claims. Lott uses sound reasoning coupled with statistics to show how "progressiveness," a nice word for Liberal Politics, has eroded the traditional family values of our country for the worse.

these and other common economic questions, bravely confronting the profound distrust of the market that the bestselling book Freakonomics has helped to popularize.

Freedomnomics : Why the Free Market Works and Other Half ...

Freedomnomics: Why the Free Market Works and Other Half-Baked Theories Don't is not a bunch of academic gobbledygook from a condescending professor; it is a refreshing dose of truth and common sense on why the market works, the folly of government intervention, crime solutions, voting fairness and the truth about government-run schools.

Amazon.com: Customer reviews: Freedomnomics: Why the Free ...

Freedomnomics: Why the Free Market Works and Other Half-Baked Theories Don't is a book by writer and public policy researcher John R. Lott, Jr., author of previous works More Guns, Less Crime and The Bias Against Guns. Freedomnomics takes an economic look at the effects of the free market, and presents some arguments against those found in Freakonomics by Steven D. Levitt and Stephen J. Dubner. The publications The American and National Review ran positive reviews, with critic Robert VerBruggen

Why the Free Market Works - Capitalism Magazine By taking a couple of courses in economic theory, we could immunize ourselves from nonsense spouted by politicians and pundits, but in the meantime check out Professor John R. Lott's "Freedomnomics: Why the Free Market Works." His first chapter is "Are You Being Ripped Off?"

Why the Free Market Works | Capitalism Magazine

In "Freedomnomics: Why the Free Market Works and Other Half-Baked Theories Don't," economist and bestselling author John Lott answers these and other common economic questions, fearlessly confronting the profound distrust of the market (exemplified by make-a-buck pseudo-analyses like the book Freakonomics) that has spread even among the citizens and governing elites in America and other wealthy, free nations — despite the proven success of the free market.
