Religion Identity And Global Governance

Religion, Identity, and Global Governance effectively defines the most important questions regarding global politics and religion and presents a variety of answers that will provide much fodder for discussion. Instantly interesting from the first few pages onward, the chapters build nicely and speak to each other while providing readers with lots to chew on.' (Stephen Saideman, Canada Research Chair in International Security and Ethnic Conflict, McGill University)

Understanding the changing dynamics in governance and spirituality Both concepts, "religion" and "governance," will carry into the 21st Century a great deal of cultural baggage, the heritage of long spiritual traditions and of theory, trial, and error in organizing human beings to work together toward common goals.

Religion and Governance

Global governance or world governance is a movement towards political cooperation among transnational actors, aimed at negotiating responses to problems that affect more than one state or region. Institutions of global governance—the United Nations, the International Criminal Court, the World Bank, etc.—tend to have limited or demarcated power to enforce compliance.

Global governance - Wikipedia

In fact, from the perspective of religious culture, global governance and religious culture are closely related. Religious dialogue and religious reconciliation should be an important way to eliminate religious disputes that hide political and economic interests. 2. Religious Culture Is the Main Core of Human Culture
