The Veterinary Emergency and Critical Care Society (VECCS) advocates that the following building standards and infrastructure, staffing, equipment, supplies, and medical records, and references are the minimum requirements for all Levels (I-III) of Veterinary Emergency and Critical Care Facilities. These minimum requirements allow veterinary emergency and critical care facilities to identify themselves, using a certification process endorsed by VECCS.

VECCS - Requirements

The VECCS is offering a certification program to veterinary facilities that provide emergency and critical patient care. The purpose of this certification is to recognize those hospitals that meet and exceed the minimum standards and guidelines published by the VECCS.

VECCS

The author presents the RECOVER initiative, which created the first consensus guidelines on veterinary resuscitation, and discusses the 5 domains of CPR for dogs and cats: preparedness and
