Jung's was a mind of great potential blighted by antiquated notions of gender and sexuality. Bennet's descriptions of Jung's techniques imply that the latter treated patients as individuals, but the assumption that "men" and "women" are fundamentally different denies our individuality. flag Like · see review.

What Jung Really Said by Edward Armstrong Bennet

Edward Armstrong Bennet was a friend and contemporary of Jung's, and his book What Jung Really Said is a lucidly-written overview of Jung's psychology and its development. This is a slim volume, and Bennet does not venture into any of the controversial depths of Jung's thought; however, it is a concise introduction to the subject, for beginners.

What Jung Really Said | quotes by Carl Jung

The need for a "symbolic life" - What Jung Really Said The need for a "symbolic life" "You see, man is in need of a symbolic life-badly in need. We only live banal, ordinary, rational, or irrational things-which are naturally also within the scope of rationalism, otherwise you could not call them irrational.

The need for a "symbolic life" | What Jung Really Said

Like Freud (and Erikson) Jung regarded the psyche as made up of a number of separate but interacting systems. The three main ones were the ego, the personal unconscious, and the collective unconscious. According to Jung, the ego represents the conscious mind as it comprises the thoughts, memories, and emotions a person is aware of.
